I began Academy of Dance Arts at the age of 22 years old. I was fresh out of college, and when an opportunity opened up to live my dream and open a dance studio I jumped at the chance. Five years later I am still here. I have learned more than I ever thought I would.

My dream was not just to open any dance studio, but to run the kind of studio that my parents had wished for me when I was young. I wanted teachers that cared about the studio even if I am not their teacher. I employ a staff that feels the same way I do about making a difference in children's lives.

Last February we opened the doors to our new 3000 sq ft space on Lancaster St. in Leominster. This new space is proof of our committed drive for excellence for our new students. We have built 3 spacious studios, fully air conditioned. Come visit our new space! Our office hours are Mon-Thurs 4-7 pm.
